

Automotive CNC Machining Metal Parts $\pm 0.01\text{mm}$ High Precision

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Application: Industrial, Automotive, Etc.
- Service: OEM/ODM
- Precision: High Precision
- Processing Method: CNC Milling
- Packaging: Carton, Wooden Case, Etc.
- Material: Aluminum, Steel, Stainless Steel, Etc.
- Lead Time: 7-15 Days
- Coating: Powder Coating, Zinc Plating, Etc.
- Highlight: **Automotive CNC Machining Metal Parts, High Precision CNC Machining Metal Parts**

Product Description

Product Description:

CNC Milling Parts is a kind of product made by Computer Numerical Control Machining (CNC Machining), which is generally used for precision machining of a variety of metals, such as aluminum, steel, stainless steel, etc. With CNC Milling Technology, CNC Milling Parts can be manufactured with high accuracy and excellent surface finish. We offer a wide range of CNC Milling Parts with a tolerance of $\pm 0.01\text{mm}$, and can provide customized service with various surface finishes, such as polishing, anodizing and plating. Besides, we have the capability to meet clients' specific requirements in terms of materials, sizes, shapes, etc. In order to meet customers' needs, we also offer OEM/ODM service for CNC Milling Parts. Our lead time is 7-15 days, which can be shortened according to customers' requirements.

Features:

Product Name: CNC Milling Parts

Processing Method: Computer Aided Machining (CAM) or Computer Numerical Control (CNC) Milling

Equipment: CNC Milling Machine

Packaging: Carton, Wooden Case, Etc.

Tolerance: $\pm 0.01\text{mm}$

Size: Customized

Product Feature: Precision Milling Parts

Technical Parameters:

Property	Value
Packaging	Carton, Wooden Case, Etc.
Tolerance	$\pm 0.01\text{mm}$
Lead Time	7-15 Days
Equipment	CNC Milling Machine
Size	Customized
Processing Method	CNC Milling
Surface Finish	Polishing, Anodizing, Plating, Etc.
Precision	High Precision
Application	Industrial, Automotive, Etc.
Coating	Powder Coating, Zinc Plating, Etc.

Applications:

YWY CNC Milling Parts

YWY CNC Milling Parts is a precision machining parts with model number cnc101, manufactured by YWY located in Guangdong, Huizhou. The material of the CNC Milling Parts can be aluminum, steel, stainless steel, etc., with various surface finish options such as polishing, anodizing, plating, etc. The tolerance of the parts can reach $\pm 0.01\text{mm}$ and the size can be customized according to the customer's requirement. The processing method is CNC Milling which is a type of precision machining that can be used to produce highly precise and complex parts with superior accuracy and repeatability.

YWY CNC Milling Parts is mainly used in precision milling parts, numerically controlled machining parts, and other custom precision parts. It has great advantages in accuracy, repeatability, surface finish, and production efficiency. It can be used in many industries, such as aerospace, automotive, medical, electronics, and other industries. With YWY CNC Milling Parts, customers can get the exact parts they need with the highest precision and quality.

Customization:

Customized Numerically Controlled Machining Parts & Numerically Controlled Milling Parts from ywy

ywy offers customized Numerically Controlled Machining Parts & Numerically Controlled Milling Parts (CNC Milling Parts), model cnc101.

Place of Origin: Guangdong, Huizhou

Material: Aluminum, Steel, Stainless Steel, Etc.

Processing Method: CNC Milling

Size: Customized

Service: OEM/ODM

Coating: Powder Coating, Zinc Plating, Etc.

If you have any needs about Numerically Controlled Machining Parts & Numerically Controlled Milling Parts, please feel free to contact us.

Support and Services:

CNC Milling Parts technical support and service includes:
Provision of technical advice on CNC Milling Parts products
Troubleshooting CNC Milling Parts products
Assistance in installation and setup of CNC Milling Parts products
Assistance in maintenance and repair of CNC Milling Parts products
Assistance in upgrading and replacement of CNC Milling Parts products
Assistance in customization and optimization of CNC Milling Parts products
Provide technical documentation and material for CNC Milling Parts products
