Copper Customized Laser Cutting Parts Anodizing

Basic Information

- Place of Origin:
- Brand Name: ywy
- Model Number:
- Minimum Order
 Quantity:
- Price: USD 3.88-32.88 1 Perch/Perches

ywy123

- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram

guangdonghuizhou

1 Perch/Perches

Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

• Tolerance:	±0.1mm
Shape:	Customized
Application:	Machinery, Automotive, Electronics, Etc.
• Size:	Customized
Package:	Carton, Wooden Case, Pallet, Etc.
• MOQ:	1 Piece
Material:	Stainless Steel, Aluminum, Brass, Copper, Etc.
Lead Time:	7-15 Days
• Highlight:	Anodizing Laser Cutting Parts, Copper Laser Cutting Parts

Product Description:

Laser Cut Sections provide precise, accurate cutting of materials such as stainless steel, aluminum, brass, and copper. Laser Cutting Elements is a process for cutting parts from sheet, plate, or tube materials. This method produces highly precise and accurate cuts with minimal waste. It is a cost-effective way to produce complex parts with intricate geometries. The results are precise and repeatable cuts with smooth edges. Laser Cutting Elements is used on a variety of materials and can be applied to a wide range of parts. We offer a variety of surface treatments including polishing, zinc plating, anodizing, and more. Our surface treatments ensure that your parts are corrosion-resistant and have a long lifespan. We offer competitive lead times of 7-15 days, and our packaging options include cartons, wooden cases, and pallets.

Our Laser Cut Sections provide quality, accuracy, and affordability. Our advanced cutting technology ensures that your parts are cut with precision, and our surface treatments provide superior corrosion resistance and longevity. We have a fast lead time and offer a variety of packaging options to ensure your parts reach you safely. With our extensive selection of materials, you can find the perfect fit for your application.

Features:

Laser Cut Elements Laser Cut Pieces Laser Cut Components MOQ: 1 Piece Package: Carton, Wooden Case, Pallet, Etc. Size: Customized Tolerance: ±0.1mm Surface Treatment: Polishing, Zinc Plating, Anodizing, Etc.

Technical Parameters:

Property	Details
Size	Customized
Application	Machinery, Automotive, Electronics, Etc.
Tolerance	±0.1mm
Material	Stainless Steel, Aluminum, Brass, Copper, Etc.
Thickness	0.5mm-20mm
MOQ	1 Piece
Color	Customized
Shape	Customized
Processing Method	Laser Cutting
Package	Carton, Wooden Case, Pallet, Etc.

Applications:

YWY laser cutting parts are perfect for a variety of applications and scenarios. It features a brand name of YWY, model number of YWY111, place of origin of Guangdong Huizhou, thickness of 0.5mm-20mm, surface treatment of polishing, zinc plating, anodizing, etc., tolerance of ±0.1mm, shape of customized, and size of customized. Its laser cutting elements and elements are perfect for any project requiring precision and accuracy. Whether you're creating intricate patterns or complex shapes, YWY laser cutting parts are the ideal choice for your business. As a leader in the laser cutting industry, YWY offers top-notch quality, superior performance and unparalleled craftsmanship. If you're looking for a reliable and cost-effective laser cutting solution, YWY is the perfect choice for you.
