

1,000,000 Shots Injection Molding Services SolidWorks Single Multi Cavity

Our Product Introduction

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Process: Injection Molding, Overmolding, Insert Molding, Etc.
- Mold Life: 500,000-1,000,000 Shots
- Cavity: Single Or Multi-Cavity
- Equipment: CNC, EDM, Wire-Cutting, Etc.
- Size: Max. Mold Size: 1500 X 1200mm
- Mold Base: LKM, HASCO, DME, Etc.
- Surface Finish: Polishing, Texturing, Painting, Etc.
- Service Type: Injection Molding Services
- Highlight: **1 000 000 Shots Injection Molding Services , SolidWorks Injection Molding Services**

Product Description

Product Description:

Injection Molding Services is a process of injection plastic molding that uses a mold to create a desired shape and size. The injection molding process requires precision to create complex parts with tight tolerances and excellent repeatability. This process is widely used in the automotive, medical, aerospace, and other industries. The maximum mold weight that our injection molding services can handle is 10,000kg, and our lead time is 3-4 weeks. We provide single or multi-cavity molds and mold bases of LKM, HASCO, DME, and other standards. Our advanced equipment includes CNC, EDM, and wire-cutting machines to ensure precision and accuracy. Injection molding is the preferred method for producing large numbers of parts with uniformity and quality, making it one of the most popular processes for producing plastic parts. Our injection molding services are the perfect solution for your needs.

Features:

Product Name: Injection Molding Services
Process: Injection Molding, Overmolding, Insert Molding, Etc.
Cavity: Single Or Multi-Cavity
Size: Max. Mold Size: 1500 X 1200mm
Surface Finish: Polishing, Texturing, Painting, Etc.
Software: UG, Pro/E, SolidWorks, Etc.
Molding Plastic Injection
Plastic Molding Injection
Injection Molding Process

Technical Parameters:

Parameter	Technical Data
Mold Base	LKM, HASCO, DME, Etc.
Surface Finish	Polishing, Texturing, Painting, Etc.
Service Type	Injection Molding Services
Weight	Max. Mold Weight: 10,000kg
Cavity	Single Or Multi-Cavity
Software	UG, Pro/E, SolidWorks, Etc.
Tolerance	±0.05mm
Size	Max. Mold Size: 1500 X 1200mm
Equipment	CNC, EDM, Wire-Cutting, Etc.
Process	Injection Molding, Overmolding, Insert Molding, Etc.

Applications:

YWY Injection Molding Services have been trusted by customers for many years. Our molding injection services include precision plastic molding injection, overmolding, insert molding and other services. We specialize in molding injection services for a variety of materials, including ABS, PC, PP, PA, POM, and more. We guarantee precision and accuracy of up to ±0.05mm with each product. Our highly efficient equipment, such as CNC, EDM and wire-cutting machines also guarantee that each product is created with high quality and fast turnaround time. With our advanced technology, our mold life is also guaranteed up to 500,000-1,000,000 shots. Our molding injection services provide customers with the best quality products and services.

Customization:

Injection Molding Services from YWY

Brand Name: YWY

Model Number: YWY333

Place of Origin: Guangdong, Huizhou

Mold Base: LKM, HASCO, DME, etc.

Material: ABS, PC, PP, PA, POM, etc.

Software: UG, Pro/E, SolidWorks, etc.

Process: Injection Molding, Overmolding, Insert Molding, etc.

Equipment: CNC, EDM, Wire-Cutting, etc.

YWY provides custom injection molding services with the highest quality standards, including Injection Service Molding, Injection Molding

Service, Injection Service Molding and Custom Injection Molding.

Packing and Shipping:

Packaging and Shipping for Injection Molding Services:
Our injection molding services products are packaged in protective containers to ensure they arrive safely and securely. We also provide a tracking number so that customers can keep an eye on their shipment. We strive to provide fast and reliable shipping services to ensure our customers receive their products in a timely manner.
