

Custom Brass CNC Parts Polished Surface Payment Term T/T PayPal Western Union

Our Product Introduction

For more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: cnc404

Product Specification

- Supply_ability: 10000 Pieces/Month
- Surface_treatment: Polishing
- Port: Shenzhen
- Material: Brass
- Dimension: Customized
- Delivery_time: 7-15 Days
- Color: Customized
- Payment_term: T/T, PayPal, Western Union
- Highlight: **Polished Surface Custom Brass CNC Parts,
Custom Brass CNC Parts**

Product Description

Product Description:

Our CNC Brass Parts are made in Shenzhen, a city known for its advanced manufacturing capabilities. Shenzhen is home to some of the most skilled machinists in the world, and our team of experts is no exception. We use the latest CNC machinery and techniques to produce parts with a tolerance of ± 0.01 mm. This means that you can rely on our parts to meet your exact specifications every time. Our CNC Brass Parts are lightweight and can be customized to meet your needs. We understand that every project is unique, which is why we work closely with our customers to ensure that we provide them with the best possible solution for their needs. Our parts are made from high-quality brass material that is durable and resistant to wear and tear.

We offer a variety of payment terms to make it easy for our customers to purchase our products. We accept T/T, PayPal, and Western Union payments. No matter which payment method you choose, you can rest assured that your transaction will be safe and secure.

Our CNC Brass Parts are ideal for electronic component manufacturers who need high-quality parts that meet their exact specifications. Our parts are perfect for use in a variety of electronic components, including circuit boards, connectors, and more. With our CNC Brass Parts, you can be confident that you are getting the best possible product for your needs.

Applications:

These computer-aided brass parts are perfect for a wide range of applications, including electronic component manufacturing, telecommunications, and medical device manufacturing. Whether you are building a new electronic device or repairing an existing one, these CNC brass parts are a reliable and efficient choice.

With a delivery time of 7-15 days, you can rely on ywy CNC Brass Parts to meet your production needs on time. The weight of these parts can be customized to fit your specific requirements, making them a versatile choice for any project.

These CNC Brass Parts are treated with a polishing surface treatment, giving them a sleek and professional look. This surface treatment also protects the parts from corrosion and wear, ensuring that they will last for years to come.

Some specific examples of application occasions and scenarios for these CNC Brass Parts include:

Manufacturing of electronic components such as circuit boards, connectors, and switches.

Telecommunications equipment manufacturing, including mobile phones, routers, and networking equipment.

Medical device manufacturing, including equipment such as surgical instruments, monitoring devices, and imaging equipment.

In conclusion, the ywy CNC Brass Parts are the perfect choice for anyone in need of reliable and durable computer-operated brass parts. With their precise fabrication, customizable weight, and professional surface treatment, you can trust these parts to meet your production needs. Order now and enjoy the benefits of high-quality CNC-fabricated brass parts!

Customization:

Support and Services:

Our CNC brass parts are engineered to meet the highest standards of quality and precision. We offer comprehensive technical support and services to ensure that your parts are installed and operating correctly. Our team of experts can provide guidance on installation, maintenance, and troubleshooting.

We also offer customization services to meet your specific needs. Whether you need a unique design, special material, or tailored finishing, we can work with you to create the perfect CNC brass parts for your application. Contact us for more information on our technical support and services.

Packing and Shipping:

Product Packaging:

The CNC Brass Parts will be packaged in a sturdy cardboard box with sufficient padding to prevent any damage during shipping. Each part will be individually wrapped in plastic to ensure protection from any scratches or other forms of damage.

Shipping:

We offer worldwide shipping for our CNC Brass Parts. The shipping cost will depend on the destination and the weight of the package.

We use reputable shipping companies to deliver our products, and tracking information will be provided to the customer once the package has been shipped.

FAQ:

Q: What is the brand name of the CNC Brass Parts?

A: The brand name of the CNC Brass Parts is ywy.

Q: What is the model number of the CNC Brass Parts?

A: The model number of the CNC Brass Parts is cnc404.

Q: Where is the place of origin of the CNC Brass Parts?

A: The place of origin of the CNC Brass Parts is guangdonghuizhou.

Q: What material is used to manufacture the CNC Brass Parts?

A: The CNC Brass Parts are made of high-quality brass material.

Q: What is the manufacturing process of the CNC Brass Parts?

A: The CNC Brass Parts are manufactured using the latest CNC machining technology for precise and accurate results.
