

Precision Small CNC Machined Components With Tolerance $\pm 0.01\text{mm}$

Our Product Introduction

For more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

Product Specification

- Lead Time: 7-15 Days
- Size: Customized
- OEM/ODM: Acceptable
- Drawing Format: PDF, DWG, IGS, STEP, Etc.
- Application: Automotive, Aerospace, Medical, Etc.
- Material: Aluminum, Steel, Brass, Etc.
- Tolerance: $\pm 0.01\text{mm}$
- Packaging: Standard Export Carton Or Customized
- Highlight: **Small CNC Machined Components,
Precision CNC Machined Components,
0.01mm Tolerance CNC Machined Components**

Product Description

Product Description:

Our CNC machined parts are available in a wide range of sizes, so you can find the perfect fit for your project. Whether you need small, precision components or large, complex parts, we can help. And with our advanced CNC technology, we can produce parts with a tolerance of up to $\pm 0.01\text{mm}$, ensuring the highest level of accuracy and precision.

We offer a variety of surface treatments for our CNC machined parts, including anodizing, plating, painting, and more. This allows you to customize the appearance and performance of your parts to meet your specific needs and requirements. And with our expertise and experience in the industry, you can trust that our surface treatments will be of the highest quality.

Our CNC machined parts are used in a wide range of applications, including automotive, aerospace, medical, and more. We can produce parts for any industry or application, and we work closely with our customers to ensure that every part we produce meets their exact specifications. And with our fast delivery methods, including DHL, FedEx, UPS, and more, you can get your parts quickly and easily, no matter where you are located.

When it comes to CNC machined parts, quality and precision are key. That's why we use only the latest technology and equipment to produce our parts, and why we work closely with our customers to ensure that every part we produce meets their exact specifications. So if you're looking for high-quality, reliable computer-controlled machining parts, look no further than our CNC machined parts. Contact us today to learn more!

Features:

Product Name: CNC Machined Parts

Material: Aluminum, Steel, Brass, Etc.

Processing Method: CNC Machining, Turning, Milling, Etc.

OEM/ODM: Acceptable

Application: Automotive, Aerospace, Medical, Etc.

Drawing Format: PDF, DWG, IGS, STEP, Etc.

Our CNC Machined Parts are computerized numerical cutting parts that are manufactured using advanced technology and precision engineering. These CNC-machined components are made from high-quality materials such as aluminum, steel, brass, and more, and are processed using various techniques including CNC machining, turning, and milling. We accept OEM/ODM orders and can provide customized parts for a wide range of applications, including automotive, aerospace, medical, and more. Our parts can be made to your specific design requirements and are compatible with various drawing formats such as PDF, DWG, IGS, STEP, and more.

Technical Parameters:

Tolerance:	$\pm 0.01\text{mm}$
Material:	Aluminum, Steel, Brass, Etc.
Surface Treatment:	Anodizing, Plating, Painting, Etc.
Drawing Format:	PDF, DWG, IGS, STEP, Etc.
MOQ:	10 Piece
Processing Method:	CNC Machining, Turning, Milling, Etc.
Lead Time:	7-15 Days
Packaging:	Standard Export Carton Or Customized
OEM/ODM:	Acceptable
Application:	Automotive, Aerospace, Medical, Etc.

Computer-aided machining parts, Precision machined parts, CNC-manufactured components

Applications:

Precision machined parts are essential components for various industries such as automotive, aerospace, medical, and more. yuanwenyu offers high-quality CNC machined parts with model numbers 1X893 and OEM, that are manufactured in Guangdong, China.

Our CNC machined parts are made using computerized machining processes like turning, milling, and more. We ensure 100% inspection before shipment to maintain high-quality standards and certification.

These parts are ideal for various application occasions and scenarios. For instance, in the automotive industry, these parts can be used in the engine, transmission, suspension, and other critical components of the vehicle. In the aerospace industry, these parts can be used in the construction of aircraft engines, turbine components, and more.

Medical equipment requires precision machined parts, and our CNC machined parts can be used in the construction of medical devices such as surgical instruments, prosthetics, and more. They can also be used in electronic devices, industrial equipment, and other applications that require high precision and durability.

Our CNC machined parts have a minimum order quantity of 50 pieces, with a price range of \$2.35 - \$12.68 per piece. We offer packaging details such as EPE foam, anti-rust paper, stretch film, plastic bag +carton, and a delivery time of 1. We accept payment terms and have a supply ability of 1000000 Piece/Pieces per Month.

Surface treatment options such as anodizing, plating, painting, and more are available to ensure the longevity and durability of the parts. The MOQ for our CNC machined parts is 10 pieces. Overall, yuanwenyu's CNC machined parts are suitable for a wide range of applications, offering precision and durability. With our quality control and surface treatment options, our parts are an excellent choice for various industries that require numerically-controlled machining parts.

Customization:

Our CNC Machined Parts are manufactured by yuanwenyu, a reliable brand in the industry. The model number options include 1X893 and OEM, and the parts are made in Guangdong, China. Our product is certified and has a minimum order quantity of 50 pieces. The price ranges from \$2.35 to \$12.68 per piece, with packaging details including EPE foam, anti-rust paper, stretch film, plastic bag, and carton. Delivery time is quick, at just 1 day, and we accept various payment terms. Our supply ability is high, with 1000000 Piece/Pieces per month. The processing method used for these parts include CNC machining, turning, milling, and more. OEM/ODM services are acceptable, and the lead time is 7-15 days. We manufacture our parts from high-quality materials such as aluminum, steel, brass, and more, and we can customize sizes to meet your needs. Our Computerized machining parts, Numerically-controlled machining parts, and Computerized Numerical Cutting parts are made to the highest standards of quality and precision.

Support and Services:

Our CNC Machined Parts product technical support and services include:

- Expert consultation to determine the best design and materials for your specific needs
- Assistance with CAD/CAM programming and CNC machining processes
- Quality control inspections to ensure precision and accuracy
- Custom packaging and shipping options to meet your delivery requirements
- Technical training and support for your team to optimize performance and productivity

Our goal is to provide comprehensive support and services to ensure that our CNC Machined Parts exceed your expectations and meet your project needs.

Packing and Shipping:

Product Packaging:
All CNC machined parts will be securely packed in a cardboard box or plastic container.
The packaging will be labeled with product information, quantity, and any special handling instructions.
Extra care will be taken to ensure that fragile parts are protected during transit.

Shipping:
Standard shipping will be through a reliable courier service.
Shipping costs will be calculated based on the weight and destination of the package.
Customers may choose to expedite shipping for an additional fee.
Tracking information will be provided once the package has been shipped.

FAQ:

Q1: What is the brand name of the CNC machined parts?
A1: The brand name of the CNC machined parts is yuanwenyu.

Q2: What is the minimum order quantity for the CNC machined parts?
A2: The minimum order quantity for the CNC machined parts is 50 pieces.

Q3: What is the price range for the CNC machined parts?
A3: The price range for the CNC machined parts is \$2.35 - \$12.68 per piece.

Q4: What is the delivery time for the CNC machined parts?
A4: The delivery time for the CNC machined parts is 1 week.

Q5: What is the supply ability of the CNC machined parts?
A5: The supply ability of the CNC machined parts is 1,000,000 pieces per month.
